Minnesota Department of Education

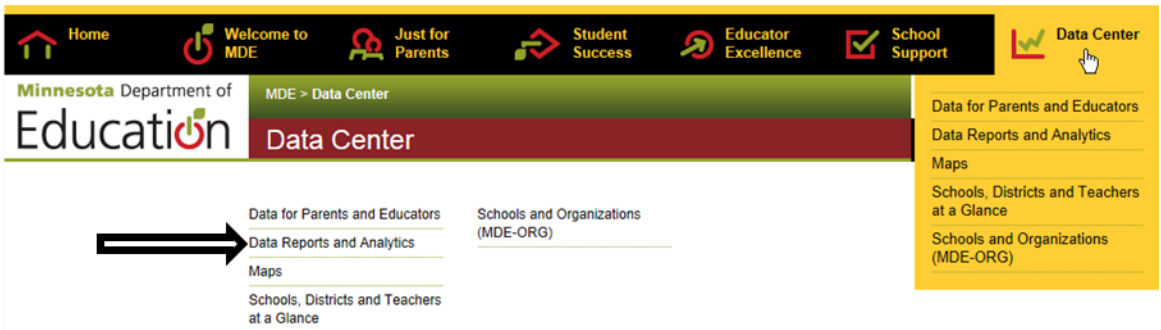
How to Access the Minnesota Early Indicator and Response System (MEIRS) Secured Data Reports

If you don't already have an MDE user account, start here to create a new account (http://education.state.mn.us > Data Submissions > User Account System)

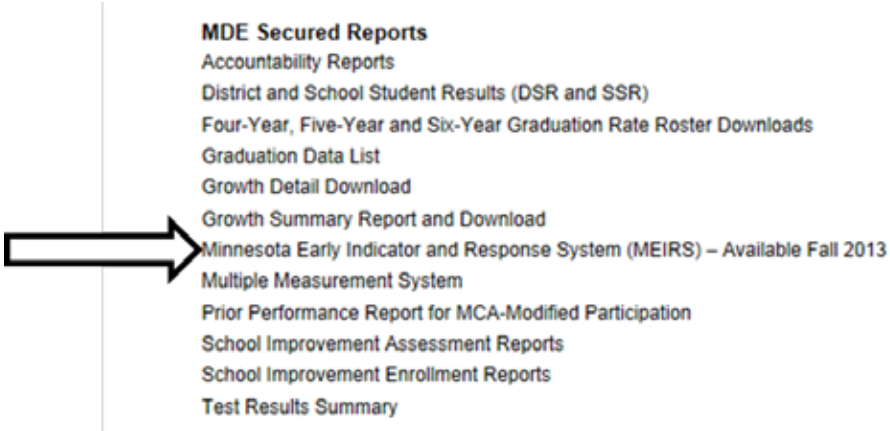
Please note: Access to the MEIRS secured site will be provided to a designee upon successful completion of the fall training and receipt of the MEIRS Authorization Form from the district superintendent. Find the authorization form on the MEIRS page (http://education.state.mn.us > Student Success > Dropout Prevention/At-Risk Students > MEIRS)

If you already have an MDE user account and have received authorization, follow these instructions to access the MEIRS Secured Data Reports.

1. Navigate to the MDE web site (http://education.state.mn.us)
2. From the top tool bar menu: > Data Center > Data Reports and Analytics

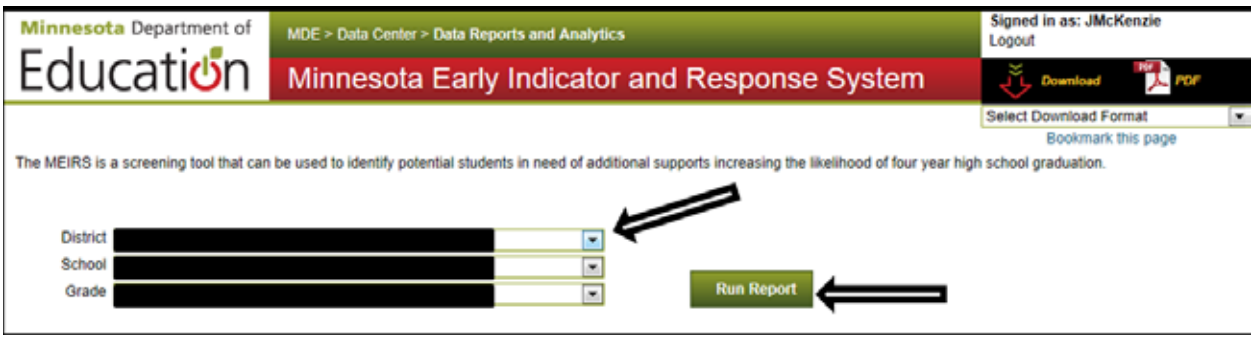


3. On the Data Reports and Analytics page, select the Minnesota Early Indicator and Response System (MEIRS) link under MDE Secured Reports.



4. Login to the MDE Secured Reports User Account System.
    a. Entering your User ID and Password information.
    b. Select the Login button.

5. The MEIRS Secure Report includes information at the school and district level for the grade level chosen. Select the district, school and grade level, and then select Run Report.



The MEIRS Implementation Guide, a tool created to assist with the early indicator and response system, can be found on the MEIRS page (MDE > Student Success > Dropout Prevention/At-Risk Students > MEIRS)
