Technology – Instructional Practices Survey
for all teachers

Use the link provided in your email to access the survey. The following window will appear. It should take approximately 15 minutes. Please allot 15 minutes to complete this survey.

Important note: Use the Next and Back buttons on the survey screens to move through the survey. DO NOT CLICK ON THE EXIT AND CLEAR SURVEY link or you will lose your results. Do not use the FWD or BACK arrows in your browser:
Getting started...

On the first few identification screens, the answers are provided for you, please type in your answers as shown below:

The next screen asks for a school name.
If you are at the high school, type in:  ***High School***
If you are at XXX, type in:  ***Middle School***
If you are at XXX, type in:  ***Elementary***
If you are at the ALC, type in:  Alternative Learning Center

On this screen, Special Education teachers could choose Generalist.
Please answer each questions thoughtfully and honestly. The results will be reported for our district to the state and is a necessary piece to secure federal e-rate funds. We will also be using the data to plan technology professional development.

Work your way through the survey and then here are a few notes on the last 2 questions:

This screen is OPTIONAL, but would be very helpful to us if you completed it.
This next screen is optional as well, but, we are encouraging teachers to put their name in so it is helpful to us. We would appreciate your willingness to provide your name so that we can better serve your technology staff development needs. Your name will not be reported to the state, but rather, will be available to our district only.

Be sure to press the SUBMIT button. When you have successfully completed the survey, you will see this window:

Thank you,

Thank you
Your survey responses have been recorded.
